# THE HAPPY HOME & SCHOOL FOR THE BLIND

(UNDER THE AUSPICES OF THE B. R. ASSOCIATION, BOMBAY)

*"Happy is he by whom others are made Happy"*

## SHORT HISTORY AND OBJECTS

According to the Census Report of the year 1931, there are in the City of Bombay about 3,000 blind children of school-going age, out of whom only about 200 children are sheltered in the several institutions for the blind in this city. The bulk of them eke out a miserable existence by begging on the streets, thus adding to the serious difficulties already confronting the solution of the Beggar Problem in Bombay.

In the absence of residential schools to receive them, free adult blind beggars often fail to get admission in the several institutions for the blind. As a matter of fact, it is difficult for any blind beggar to get admission into such institutions for the very reason that he happens to be a beggar.

As there are no responsible agencies to look after such blind boys, many who otherwise would not have taken to begging become confirmed beggars. There are others also who can be reclaimed from begging, if arrangements could be made to house, feed and educate them, and thus help them to be self-respecting, useful citizens of society.

The establishment of a new Home for the blind was therefore a great necessity. "THE HAPPY HOME FOR THE BLIND" was started under the auspices of the Blind Relief Association, Bombay, in the year 1925, with Mr. H. D. Chhatrapati, B.A., the then Principal of the V. M. School for the Blind, Tardeo, Bombay, as its first Honorary Secretary. It was mainly due to his efforts that the Home was established. He had unique opportunities of studying the problem of the blind from various standpoints. As an educationist of over 30 years' experience, he noticed the undermentioned difficulties :

- (1) Blind beggar boys picked up by the Bombay Police were, sent to the Victoria Memorial School for the Blind, Tardeo, Bombay, for admission. This exposed the other inmates coming from homes to very undesirable company.
- (2) The Adult blind, in the absence of adequate residential schools to receive them, sought admission, but often in vain.

- (3) That for want of responsible agencies to look after such persons, it was found that not a few who would not have taken to begging took to it, and others who could have been easily reclaimed from beggary became confirmed beggars.

Hitherto, the Happy Home for the Blind, was sending its inmates for educational and vocational training to the Victoria Memorial School for the Blind. As this was found to be very inconvenient, from 1st October 1948 we have started a school. As the name **Happy Home for the Blind** did not connote the idea that it was imparting education, the name has been changed from "**Happy Home for the Blind**" to the "**Happy Home and School for the Blind**".

Thus came into being The Happy Home for the Blind, Bombay, on 21st April 1925.

During the 29 years, the Home has made good progress in furthering its aims and objects ; but due to lack of sufficient funds and high cost of living, the organisers are forced to work on a limited scale and have necessarily to keep out a large number of blind, who would be eager to seek admission.

The Happy Home for the Blind would be an ideal institution for juvenile Blind in Bombay. Many of them have expressive features, keen intellect and well-built bodies, and wonderful eagerness to be useful. If properly educated and trained, these people could be transformed into really useful citizens. The Home can do great work in this direction provided the public contribute enough money to enable the Home to fulfil its mission.

This institution is recognised by Government. The Happy Home for the Blind is the one and only central place that undertakes to provide for all the destitute Blind if sufficient funds are available. Blind persons from all parts of India including the Native States can at present receive shelter under its roof. In this sense it can be considered as an All-India Organisation.

We appeal to the Bombay Government, the Bombay Municipality, the Improvement Trust, Charitable Trusts and the generous public to respond to this great call and to do all that they can, individually and collectively, to help our institution in its mission of sheltering and improving the lot of the poor, neglected blind beggars of this city.

### **DISTINGUISHED VISITORS**

The Home was favoured with a number of visitors, who showed great interest in the working. A few opinions from them are given here:

Paid visit to the Home. Inspected the arrangements for cooking, eating, studying, working, playing, sleeping and found them to be very satisfactory. However one cannot deny that the facilities for vocational training need be implemented and I would request the generous well-to-do people to supplement the finances of the Home which is giving the best service to these disabled youngsters. I offer my grateful thanks to the selfless workers of the Institution.

MRS. A. E. EASTWOOD,  
*Member of National Institute for the Blind  
Executive Council—1945-1952.*

I have great pleasure in expressing my best thanks for the melodius performance made by your staff for about 2½ hours, at a reception held on the 20th December, 1953, in connection with the marriage of my son Ranjit Sinha. Not only myself, the innumerable visitors too enjoyed the performance of your students, which in the opinion of all is really creditable.

This is not only an achievement for the students, but also for the institution, which is doing a worthy service.

I wish all success for the institution and trust the same will receive wide patronage.

21-12-1953.

MOOLJI DAYAL.

It is with very real pleasure that I write this appreciation of the excellent work being done by the Happy Home for the Blind and by its Committee, and Blind workers. It is splendid to see how steadily and how very practically the work goes on. An excellent spirit prevails among the Blind workers and I hope for their great success in the future.

I shall always remember the enjoyment which my present visit in January 1953 has given me, as well as my earlier visits in past years. The Committee and everyone associated with the Happy Home deserve every congratulation.

1-4-1954.

SIR CLUTHA MACKENZIE,  
*United Nations Consultant.*

I had the good fortune of presiding over the prize distribution ceremony of the Happy Home for the Blind. I admire the progress the Home has made during recent years. Much of the credit of this excellent progress must indisputably go to those indefatigable workers who have been working for this institution with nothing short of a missionary zeal. Shrimati Bharucha has been for years the soul of the Home. We are all grateful to her for this God's good work.

2-5-1954.

S. K. PATIL (M.P.).

## OUR ACTIVITIES

The year 1953-54 was noted for the many activities undertaken in the Home. The orchestra of the Happy Home and School for the Blind was in demand at Public and Private functions and its performances were much appreciated by all. On Dewali and other auspicious occasions the boys can well provide very good entertainment by playing delightful latest tunes and you can arrange to book the Orchestra by contacting the Hon. Secretary on Telephone No. 73866 or drop a line at 63, Pedder Road, Bombay, 26.

The educational classes conducted under the direction of Mr. Chandravadan B. Hansoty (Blind) functioned regularly and the boys did well at the Annual Examinations held in April. Shri K. N. Jussawala, Principal of the Victoria Memorial School for the Blind examined them in literary and vocational subjects and was satisfied with their progress. Mr. Vistasp Bulsara took the test in music and he was very much pleased with the performance. The boys fared well in Drill and Sewing Examinations also.

The management has all along paid keen attention to the physical well being of the Boys. Regular drill classes are conducted and the boys take up their physical training with enthusiasm. They were encouraged to play outdoor games like football, Tug-of-War etc., and to go out for walks. To keep the boys informed of what was happening in the world a course in "Current Topics" was introduced, and it was heartening to find the boys eager to know about events and lives of other people in distant lands; as well as all Current News on the Radio is relegated to the Boys twice a day.

An English Class as well as a Class for learning weaving were introduced last year. This year a Class in Hindi has been added. Separate classes are also held in Bhagwat Gita and its meaning explained in Marathi, Gujarati and Hindi.

The boys were taken to various places of interest as Vajreshwari, Juhu, and the Hanging Gardens where all the boys enjoyed their outings to their hearts' content.

One of the boys has been selected to play on the Flute over Radio Ceylon.

It gives us great pleasure to announce that by the Grace of God and the kind and generous help of our Donors that we have been able to start giving away Prizes and Scholarships from this year to our deserving students. We hope that with the same help received hitherto, we will continue to do the same year after year.

The Prize Distribution Function took place on the 2nd May 1954, and we were lucky to prevail upon Shri S. K. Patil to preside over it. The welcome address was read by Shri M. N. Chhatrapati, the revered Honorary Secretary of the Blind Relief Association. Heartily welcoming the President, Shri S. K. Patil, Shri M. N. Chhatrapati, outlined the history of the School and the help rendered by Shri S. K. Patil from time to time to allied schools and such benevolent causes in and around the City of Bombay. Shri S. K. Patil in response to the welcome address spoke in glowing terms about the working of the Institution for the Blind in the City of Bombay, which could compare very favourably with any such institutions throughout India, where he had the good fortune to go about his social work. He offered to render any help that may be needed by the School in particular and such other Institutions in general.

Shri S. K. Patil in his address explained at length that the walling up of the faculty of vision, results in the super sensitivity of the tactile and auditory faculties, which make the visually handicapped more proficient with their other senses, viz., touch and hearing.

The guests were entertained by our Orchestra of the inmates which was highly appreciated. Thereafter Shri S. K. Patil gave away 42 Prizes in the shape of silver medals for excellence in one or many subjects taught in the School and 4 for good conduct and general proficiency and 3 special prizes. Scholarships were also awarded to several Inmates who had distinction and credit marks.

The function rounded off with a vote of thanks to the President, the Donors, and the well-wishers of the Home.

We are grateful to the Educational Department of the Bombay State for awarding the grant of Rs. 7,865/- to the Home, and we do hope that the Government will see its way to appreciably increase this grant in the future in view of the clear Deficit of Rs. 1,155/-. In

the past the Bombay Municipal Corporation paid us a grant of Rs. 500/- only, which was quite inadequate for our needs, and we do hope that for the coming year they will be pleased to increase it appreciably to enable us to make the two ends meet and provide better amenities for the boys.

We have started a Scholarship, Prize, and also a Feeding Fund in order to increase the stability of our Institution as well to give encouragement to deserving boys of our Home. Therefore we fervently appeal to the Public to institute some endowments in the Home from which annual scholarships, prizes, and food could be given after the name of the Donor or in the Memory of their dear ones. You will thus bring the light of knowledge unto the children of darkness and will also perpetuate the memory of those whom you love in the best possible manner.

To all these above institutions and to the generous Donors, as per list attached, we render our sincere thanks for their splendid help which also has helped in maintaining the Home and School. May we continue to get their support in our modest efforts to bring joy and hope to these poor destitute children who live perpetually in Darkness.

### **APPEAL**

The pressing need of this Home is funds and more funds and the generous public would find no better benevolent cause where they could well utilise their charity than the one which goes to ameliorate the cause of the Blind and make them useful citizens, and not a drag on society.

The public could also be useful to these Inmates of the Happy Home and School for the Blind by sparing some time to regale them with short stories and current events happening in this land of ours, so that they may think that they too are limbs of the world at large.

COOMI SOHRAB F. BHAROOCHA,  
G. B. MIRCHANDANI,

*Honorary Secretaries.*

*Bombay, 16th August 1954.*

# An Appeal

FOR CONTRIBUTIONS TO THE

## "Happy Home & School For The Blind"

Blessed are those who can see, for they enjoy all the beautiful things in the world. They can see the glorious sunset, the luscious green meadows, the bright sunshine, the silvery stars and the moon and all those things in Nature which add to the joy of living.

But the blind live in a world of darkness, and by a bitter irony of fate most of the blind are poor. As India is a poor country, it is not surprising that there are more than a million blind people with us, of whom more than 25 per cent. are of school-going age. These people are condemned for no fault of their own to lead a life of begging, destitution and misery, unless an effort is made by their fortunate brethren who are blessed with eyesight and who have the means to ameliorate the condition of the blind.

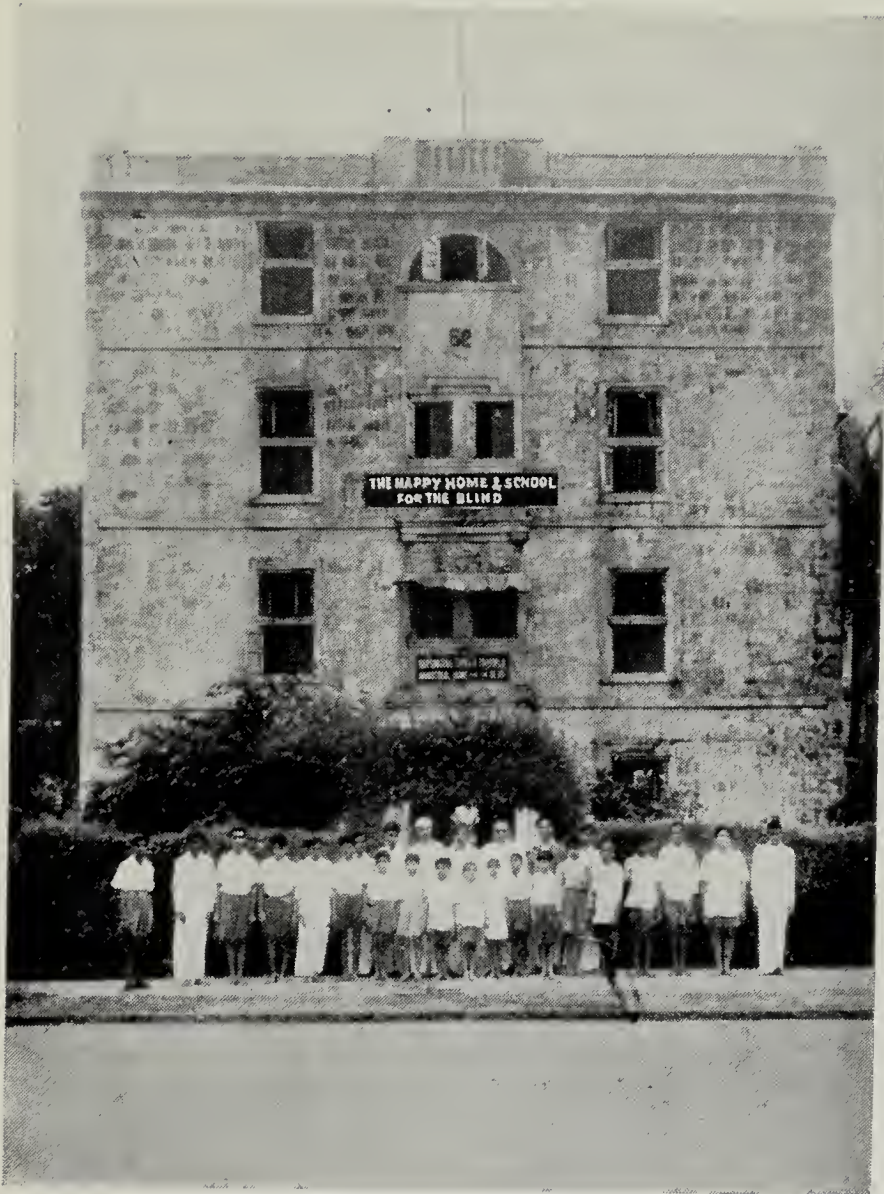

Such an effort was made early in 1925, when under the auspices of the Blind Relief Association, was established a Happy Home for the Blind, mainly through the efforts of Mr. H. D. Chhatrapati, the late Principal of the Victoria Memorial School for the Blind, Tardeo. This "Home" is housed in a building at Worli, on the 3rd Floor which has been provided by the Government of Bombay. At present, it has 32 inmates. The boys attend educational classes in the Home upto the VI Standard. They also learn music and cane work, and string-bag work. The boys repair cane chairs sent to them by the members of the public at reasonable charges. Thus they are made to feel that they are not just dependent on society, but that they work for their living and are trying to be useful citizens. The boys have a splendid Orchestra of their own and their knowledge of the instruments and music is sound and deep and they go out to Play on auspicious occasions whenever ordered by the public. The blind have all the potentials of being really efficient and capable citizens. The object of the Happy Home is to make these boys feel at home after they have been reclaimed from the street and are given a thorough training and education. The Home is open to members of all communities and in its administration no distinction is observed, even in the matter of serving meals, between Brahmins and Untouchables, between Hindus and Muslims.

But all this requires funds. The cost of living is nearly thrice as much as during the pre-war years and is rapidly increasing. The limited resources of the "Home" do not permit its benefits being extended to more than 50 boys at present and there are at least 2,000 blind boys of school-going age in the city of Bombay. We earnestly appeal to the generous public of Bombay to send in their contributions to the Honorary Secretary, Mrs. Coomi Sohrab F. Bharoocha, 63, Pedder Road, Bombay. All contributions, great or small, will be gratefully acknowledged in the Report of the "Home" and a receipt will also be promptly issued. Let those whom God has given the wonderful gift of seeing extend unstinted help to those who have not this miraculous faculty and alleviate their unenviable lot.
